For Earth, For Life
Kubota

KUBOTA 4WD DIESEL UTILITY VEHICLE

RTVX-Series

Get ready for a whole new RTV experience.

Kubota RTVs have been the best-selling diesel utility vehicles in North America since 2004.* And no wonder. Each year, they set the standard for ruggedness and reliability, proving themselves ready to work day after day under all kinds of conditions.

Well, the best just got a whole lot better. Meet the all-new Kubota RTV X-Series, three rough-and-ready RTV's that raise the bar on comfort, convenience, and performance.

It's a whole new driving experience, too, with a smoother ride, better driveability, more legroom, and improved ergonomics throughout.

Ready for an RTV experience you won't soon forget? Visit your Kubota dealer today and experience for yourself the all-new RTV X-Series.

*Power Products Marketing North American Utility Vehicle Market Reports

KUBOTA 4WD DIESEL UTILITY VEHICLE

RTV X-Series

RTV X-S

**The Kubota RTV X-Series. All-new performance,
all-new comfort, all the time.**

RTV-X900

Comfort and versatility make this Kubota's most popular model for all types of jobs. It comes with a powerful 21.6 HP diesel engine and your choice of Kubota Orange or Realtree AP Camo styling.

When there's work to be done on the far side of nowhere, you need a vehicle that can get you there quickly, get the job done efficiently, and get you back comfortably.

RTV-X1120D

A step up in power, comfort, convenience, and style, the all-new RTV-X1120D has everything you need to get the job done, including a rugged and dependable 24.8 HP diesel engine and handsome blue-tinted halogen headlights.

Introducing the all-new RTV X-Series from Kubota. Three rugged and reliable utility vehicles with more of the things that you need to get the job done right.

RTV-X1100C

The first RTV to offer a factory-installed unibody A/C cab, the RTV-X1100C is still the industry leader in work comfort. The fully enclosed cab features air conditioning, defroster, and heating systems to keep you comfortable in all types of weather for all types of jobs.

TOUGH

Kubota diesel engines — dependable power,
when and where you need it.

Power when and where you need it

Even when the path disappears, you can rely on the RTV X-Series' powerful diesel engines to keep you moving forward. Kubota-built and trail-proven, these 3-cylinder liquid-cooled diesel engines have a well-earned reputation for dependable performance even in the harshest terrains. The RTV-X900 comes with a robust 21.6 HP engine, while the RTV-X1120D and RTV-X1100C provide an extra boost of power from 24.8 HP engines.

RTV-X900

VHT-X (Variable Hydraulic Transmission)

Kubota has more experience in variable hydraulic transmissions than any other Utility Vehicle manufacturer. Kubota's advanced VHT-X offers a wide torque band and large oil coolers that boost performance and durability.

Two-speed In-line Shift

You'll shift less often and maintain better control, thanks to new transmission gearing with just two forward speeds (high and low), plus neutral, and reverse.

Strong High-rigidity Frame

The high-rigidity steel frame isolates the occupants from noise, vibrations, and harshness. With structural strength that few in the industry can match, this durable frame can take years of punishment from heavy loads and rough terrain.

20% Larger, Clog-resistant Radiator

Open the hood, and you'll find the radiator and air-intake located high and up front, where the air is cleaner and cooler. This improves both radiator performance and simplifies maintenance. Kubota's wide fin pitch design minimizes clogging, further improving radiator performance.

NEW! ALL-ARIDE

Get in and buckle up. You're about to experience a whole new level of driving performance.

Front & Rear Independent Suspension

Regardless of the terrain or load, independent suspension on all four wheels ensures a truly exceptional ride. Kubota's Extra Duty IRS (Independent Rear Suspension) technology also sets a new standard for durability.

Height-adjustable Front and Rear Suspension

Whether you've got a heavy load or no load at all, adjustment of the front and rear suspension height will ensure the proper vehicle height for a smooth ride and optimum driveability for hard to get to work environments.

High Ground Clearance

The new X-series raises the bar on ground clearance—to a full 10.4" with 8" of suspension travel—letting you glide over the bumps rather than through them.

Limited-Slip Front Differential

True 4-wheel drive with a limited-slip front differential and a locking rear differential help reduce wheelspin to a minimum, giving you greater control and a smoother ride on rough or muddy terrain.

Dynamic Braking

You'll feel more secure, especially when traveling down long inclines, knowing that dynamic braking is providing additional braking power and greater driving control.

CV Joint Protectors and Skid Plates

Obstacles on the path? CV joint protectors and heavy-duty skid plates will protect the most critical parts of the engine and transmission.

A whole new experience in driving comfort.

The experience begins the moment you step into the driver's compartment and settle into the seat. Clearly, the X-Series was designed for driving comfort and convenience under tough working conditions. More room for your legs, controls that fall naturally under your hands, plenty of utility storage space... from head to toe and side to side, it's a whole new level of easy, practical driveability that must be experienced to appreciate.

60:40 Split-bench Seats

The split-bench style seat is ergonomically designed to provide hours of working comfort. The driver's side is adjustable fore and aft.*

*Driver's side seat adjuster is not available on RTV-X900 General Purpose models.

Power Steering

Responsive hydrostatic power steering gives you the control you need to tame any terrain. The steering wheel is tilt-adjustable, allowing you to set the optimum angle for your driving style.*

*Tilt-feature is not available on RTV-X900 General Purpose models.

Digital Meter Cluster

Bright, with large, easy-to-read indicators, this digital meter cluster keeps you informed of all critical driving conditions, including speed, hours, and miles traveled. An Overheat Alarm (light and audio) helps prevent engine damage.

Easily accessible Parking Brake

The parking brake is conveniently located on the dashboard for easier access as well as more legroom.

Glove Box*

A large glove box on the passenger side provides fast access to critical tools and personal effects.

*Glove box is not available on RTV-X1100C models.

*Glove box cover is optional on RTV-X900 General Purpose models.

Under-seat Storage Compartments

Large compartments under the split-bench seats provide plenty of convenient storage space for tools, tie-downs, and personal items.

CAPABILITIES

The capacity for hauling, the strength for towing.

Carry up to 15.2 cubic feet of cargo

It's not enough to get you there and back. You need to get your stuff there and back, as well. This heavy-duty steel cargo box can do that for you, carrying up to a half-ton (1,102 lbs.) of tools, firewood, gear, supplies...whatever you need to haul from here to there and back again. Cargo tie-down hooks help keep your gear secure.

Dumping Cargo Box*

With the flick of a single lever, the hydraulic-lift cargo box rises and your cargo slides out. Cargo that could take significant physical strength and time to unload can now be dumped with little effort in mere seconds.

*Manual dumping on RTV-X900 General Purpose model.

*Photo with factory installed Spray-on Bedliner option.

Spray-on Bed Liner (factory option)

An optional factory-installed bed liner helps protect the cargo bed from dirt and damage. Four tie-down hooks in the corners help keep loads in place.

Towing Capacity

Standard two-inch hitch receivers at the front and back let you tow up to 1,300 lbs. of gear.

Get ready for an all-new level of comfort and performance. Get ready

Here's the one you've been waiting for. The one with more of everything.

More power, more convenience, more comfort, more style. We call it the RTV-X1120D. You'll call it amazing.

RTV X1120D

More Powerful Engine

For jobs that require extra acceleration and climbing power, the RTV-X1120D is the obvious choice. It packs Kubota's proven 24.8 HP diesel engine, which provides a top speed of 29 mph and plenty of hill-climbing power.

Sculpted, Blue-tinted Headlights

Bright and far-reaching halogen headlights with adjustable optical axis provide plenty of light for driving in dim-light conditions. Sculpted and tinted blue, these handsome lights add a touch of class to the RTV-X1120D's distinctive styling.

for the RTV-X1120D.

RTV-X1120D

Three-point Seatbelts

With the RTV-X1120D's increased speed comes increased dynamic loads; so you and your passenger are strapped in with three-point seatbelts.

Half Door

Half doors on the driver and passenger sides help keep out the dirt, brush, and other external objects, while letting you enter and exit with ease.

New Alloy Wheels

You'll travel in style with these good-looking, machine-polished alloy wheels.* Clear Coating helps keep them bright and shiny.

*Realtree AP Camo model features black alloy wheels with polished outer surfaces.

ALL-WEATHER CO

So comfortable, so fun to drive,
you'll find excuses to take it for a spin.

Premium Grand Cab

Whether it's hot and humid, cold and windy, or raining cats and dogs, you'll stay dry and comfortable inside the RTV-X1100C's quiet and luxurious air-conditioned and heated cab. Built around a unibody frame that is virtually airtight, soundproof, and rattle-free, the cab incorporates highly efficient air-conditioning, heating, and defogging functions, as well as antennas and speakers for an optional radio. And when the weather is nice? Just roll down the fully opening windows. This truly is the best all-weather, all-comfort, all-the-time working environment you'll ever experience on the trail.

COMFORT CAB

RTV-X1100C

Air Conditioner and Heater

Hot or cold, rain or shine, the temperature inside can always be just right for you. The air conditioner, defroster, and heater system are powerful, efficient, and standard equipment on the RTV-X1100C.

Unibody Cab and Chassis Frame

You'll enjoy a smoother, quieter, more comfortable ride, thanks to the RTV-X1100C's integrated unibody cab and chassis frame. They form a rigid yet lightweight unit that is rugged, airtight, low-noise, and rattle-free. Even more impressive, the cab meets SAE J2194 and OSHA 1928 ROPS standards.

KUBOTA UTILITY VEHICLE

RTV GAS-POWERED
RTV400 ■ RTV500

RTV400 **Li**

- **Responsive 16HP Gasoline Engine**
- **Continuously Variable Transmission with Inertial Clutch (CVT Plus)**
- **Standard 4-Wheel Drive**

RTV500

- Smooth, quiet 15.8HP Gasoline Engine
- Exclusive Variable Hydro Transmission
...*(VHT Plus)*...
- Standard 4-Wheel Drive

Introducing the new gas-powered 4WD RTV400Ci featuring mid-size utility, agility, and legendary Kubota reliability

Featuring a robust, heavy-duty platform, electronic fuel injection (EFI) and an advanced Continuously Variable Transmission with inertial clutch (CVT Plus) for excellent response and reliability, the new 4WD RTV400Ci will be at your ready, whether you're canvassing your property or jobsite, caring for livestock, or hunting in the woods.

Electronic Fuel Injection (EFI)
No choke operation,
better cold starting

16HP Air-cooled EFI Gasoline Engine

The RTV400Ci incorporates a new, high-revving 16HP air-cooled, single-cylinder gasoline engine that was developed to meet Kubota's stringent performance specifications and durability requirements. This engine also features an Electronic Fuel Injection (EFI) system that helps eliminate cold starting issues and annoying manual choke adjustments that plague competitors' carbureted utility vehicles.

Standard Rollover Protective Structure (ROPS)

CVT Plus

(Continuously Variable Transmission with Inertial Clutch)

The RTV400Ci's newly designed CVT Plus is virtually worry free. The exclusive inertial clutch keeps the thick, double cogged-belts tight for minimal slippage, resulting in greater response and much better durability than the competitors' belt-drive systems. As an additional plus, the inertial clutch provides noticeable dynamic braking to help maintain control during descents with engine-assisted deceleration. And for more plus, CVT Plus has a full protection cover to minimize mud or dust intrusion, enhancing durability and enabling a longer belt life.

Full Protection Cover
Minimizes mud/dust
intrusion to ensure
longer belt life

CVT Belt

Inertial Clutch
Greater response
& engine-assisted
deceleration

Robust, reliable semi-independent rear suspension

4-wheel disc brakes

Comfortable Operator Area

Get in and get going. The RTV400Ci features ergonomic, well-placed controls for easy operation, and a comfortable contoured bench seat, so both the driver and passenger can enjoy a full day of work or play. The low operator platform offers ample and obstacle-free leg room, so it's simple to step on or off.

Designed for Convenient Transportation

Kubota specifically designed the RTV400Ci's compact frame to make it easy to load into the bed of a full-size long bed pickup truck*. It's ideal for camping, hunting, or any rugged outdoor adventure.

* Always secure RTV with proper tie-downs, especially with open tailgate.

KUBOTA UTILITY VEHICLE
RTV400 

The RTV500—advanced technology from Kubota delivers exceptional performance and reliability in a compact size.

Whether you're tending a park, hunting in the woods, or simply roaming your property, let Kubota's RTV500 take you wherever you need to go. This quiet utility vehicle features Kubota's durable liquid-cooled EFI gasoline engine, variable hydrostatic transmission, and more—all packed into a compact body. Used for a variety of applications, it's powerful and rugged enough to handle uneven terrain, yet it can fit into the bed of a full-size pickup truck, so you can take it with you. With all of this and more, you can rest assured that the high-performance RTV500 is always at the ready, no matter where you want to go.

Kubota Liquid-cooled EFI Gasoline Engine

The RTV500's smooth 15.8-horsepower, 2-cylinder Kubota gasoline engine is liquid-cooled to ensure reliability and minimize noise and vibration, reducing operator fatigue and increasing efficiency. The engine features an Electronic Fuel Injection (EFI) system that provides on-demand power, optimizes acceleration and enhances quiet operability. Plus, the EFI eliminates the need to adjust the carburetor—enabling better engine start-up in cold weather or after long-term storage, and improving engine serviceability.

VHT Plus (Variable Hydro Transmission)

Kubota's exclusive and innovative hydrostatic transmission provides the RTV500 with an exceptional level of performance, handling, and reliability under tough conditions. Approach long downhill grades with confidence utilizing the VHT Plus' smooth, engine-assisted deceleration. In addition, the VHT offers outstanding traction and impressive power, providing the muscle to take you almost anywhere.

Kubota

KUBOTA 4WD DIESEL UTILITY VEHICLE
RTVX-series

Get ready for a whole new RTV experience.

Kubota RTVs have been the best-selling diesel utility vehicles in North America since 2004.* And no wonder. Each year, they set the standard for ruggedness and reliability, proving themselves ready to work day after day under all kinds of conditions.

Well, the best just got a whole lot better. Meet the all-new Kubota RTV X-Series, three rough-and-ready RTV's that raise the bar on comfort, convenience, and performance.

It's a whole new driving experience, too, with a smoother ride, better driveability, more legroom, and improved ergonomics throughout.

Ready for an RTV experience you won't soon forget? Visit your Kubota dealer today and experience for yourself the all-new RTV X-Series.

*Power Products Marketing North American Utility Vehicle Market Reports

KUBOTA 4WD DIESEL UTILITY VEHICLE

RTV X-Series

RTV X-S

**The Kubota RTV X-Series. All-new performance,
all-new comfort, all the time.**

RTV-X900

Comfort and versatility make this Kubota's most popular model for all types of jobs. It comes with a powerful 21.6 HP diesel engine and your choice of Kubota Orange or Realtree AP Camo styling.

When there's work to be done on the far side of nowhere, you need a vehicle that can get you there quickly, get the job done efficiently, and get you back comfortably.

RTV-X1120D

A step up in power, comfort, convenience, and style, the all-new RTV-X1120D has everything you need to get the job done, including a rugged and dependable 24.8 HP diesel engine and handsome blue-tinted halogen headlights.

Introducing the all-new RTV X-Series from Kubota. Three rugged and reliable utility vehicles with more of the things that you need to get the job done right.

RTV-X1100C

The first RTV to offer a factory-installed unibody A/C cab, the RTV-X1100C is still the industry leader in work comfort. The fully enclosed cab features air conditioning, defroster, and heating systems to keep you comfortable in all types of weather for all types of jobs.

TOUGH

Kubota diesel engines — dependable power,
when and where you need it.

Power when and where you need it

Even when the path disappears, you can rely on the RTV X-Series' powerful diesel engines to keep you moving forward. Kubota-built and trail-proven, these 3-cylinder liquid-cooled diesel engines have a well-earned reputation for dependable performance even in the harshest terrains. The RTV-X900 comes with a robust 21.6 HP engine, while the RTV-X1120D and RTV-X1100C provide an extra boost of power from 24.8 HP engines.

RTV-X900

VHT-X (Variable Hydraulic Transmission)

Kubota has more experience in variable hydraulic transmissions than any other Utility Vehicle manufacturer. Kubota's advanced VHT-X offers a wide torque band and large oil coolers that boost performance and durability.

Two-speed In-line Shift

You'll shift less often and maintain better control, thanks to new transmission gearing with just two forward speeds (high and low), plus neutral, and reverse.

Strong High-rigidity Frame

The high-rigidity steel frame isolates the occupants from noise, vibrations, and harshness. With structural strength that few in the industry can match, this durable frame can take years of punishment from heavy loads and rough terrain.

20% Larger, Clog-resistant Radiator

Open the hood, and you'll find the radiator and air-intake located high and up front, where the air is cleaner and cooler. This improves both radiator performance and simplifies maintenance. Kubota's wide fin pitch design minimizes clogging, further improving radiator performance.

NEW! ALL RIDE

Get in and buckle up. You're about to experience a whole new level of driving performance.

Front & Rear Independent Suspension

Regardless of the terrain or load, independent suspension on all four wheels ensures a truly exceptional ride. Kubota's Extra Duty IRS (Independent Rear Suspension) technology also sets a new standard for durability.

Height-adjustable Front and Rear Suspension

Whether you've got a heavy load or no load at all, adjustment of the front and rear suspension height will ensure the proper vehicle height for a smooth ride and optimum driveability for hard to get to work environments.

High Ground Clearance

The new X-series raises the bar on ground clearance—to a full 10.4" with 8" of suspension travel—letting you glide over the bumps rather than through them.

Limited-Slip Front Differential

True 4-wheel drive with a limited-slip front differential and a locking rear differential help reduce wheelspin to a minimum, giving you greater control and a smoother ride on rough or muddy terrain.

Dynamic Braking

You'll feel more secure, especially when traveling down long inclines, knowing that dynamic braking is providing additional braking power and greater driving control.

CV Joint Protectors and Skid Plates

Obstacles on the path? CV joint protectors and heavy-duty skid plates will protect the most critical parts of the engine and transmission.

A whole new experience in driving comfort.

The experience begins the moment you step into the driver's compartment and settle into the seat. Clearly, the X-Series was designed for driving comfort and convenience under tough working conditions. More room for your legs, controls that fall naturally under your hands, plenty of utility storage space... from head to toe and side to side, it's a whole new level of easy, practical driveability that must be experienced to appreciate.

60:40 Split-bench Seats

The split-bench style seat is ergonomically designed to provide hours of working comfort. The driver's side is adjustable fore and aft.*

*Driver's side seat adjuster is not available on RTV-X900 General Purpose models.

Power Steering

Responsive hydrostatic power steering gives you the control you need to tame any terrain. The steering wheel is tilt-adjustable, allowing you to set the optimum angle for your driving style.*

*Tilt-feature is not available on RTV-X900 General Purpose models.

Digital Meter Cluster

Bright, with large, easy-to-read indicators, this digital meter cluster keeps you informed of all critical driving conditions, including speed, hours, and miles traveled. An Overheat Alarm (light and audio) helps prevent engine damage.

Easily accessible Parking Brake

The parking brake is conveniently located on the dashboard for easier access as well as more legroom.

Glove Box*

A large glove box on the passenger side provides fast access to critical tools and personal effects.

*Glove box is not available on RTV-X1100C models.

*Glove box cover is optional on RTV-X900 General Purpose models.

Under-seat Storage Compartments

Large compartments under the split-bench seats provide plenty of convenient storage space for tools, tie-downs, and personal items.

CAPABILITIES

The capacity for hauling, the strength for towing.

Carry up to 15.2 cubic feet of cargo

It's not enough to get you there and back. You need to get your stuff there and back, as well. This heavy-duty steel cargo box can do that for you, carrying up to a half-ton (1,102 lbs.) of tools, firewood, gear, supplies...whatever you need to haul from here to there and back again. Cargo tie-down hooks help keep your gear secure.

Dumping Cargo Box*

With the flick of a single lever, the hydraulic-lift cargo box rises and your cargo slides out. Cargo that could take significant physical strength and time to unload can now be dumped with little effort in mere seconds.

*Manual dumping on RTV-X900 General Purpose model.

*Photo with factory installed Spray-on Bedliner option.

Spray-on Bed Liner (factory option)

An optional factory-installed bed liner helps protect the cargo bed from dirt and damage. Four tie-down hooks in the corners help keep loads in place.

Towing Capacity

Standard two-inch hitch receivers at the front and back let you tow up to 1,300 lbs. of gear.

Get ready for an all-new level of comfort and performance. Get ready

Here's the one you've been waiting for. The one with more of everything.

More power, more convenience, more comfort, more style. We call it the RTV-X1120D. You'll call it amazing.

RTV X1120D

More Powerful Engine

For jobs that require extra acceleration and climbing power, the RTV-X1120D is the obvious choice. It packs Kubota's proven 24.8 HP diesel engine, which provides a top speed of 29 mph and plenty of hill-climbing power.

Sculpted, Blue-tinted Headlights

Bright and far-reaching halogen headlights with adjustable optical axis provide plenty of light for driving in dim-light conditions. Sculpted and tinted blue, these handsome lights add a touch of class to the RTV-X1120D's distinctive styling.

for the RTV-X1120D.

RTV-X1120D

Three-point Seatbelts

With the RTV-X1120D's increased speed comes increased dynamic loads; so you and your passenger are strapped in with three-point seatbelts.

Half Door

Half doors on the driver and passenger sides help keep out the dirt, brush, and other external objects, while letting you enter and exit with ease.

New Alloy Wheels

You'll travel in style with these good-looking, machine-polished alloy wheels.* Clear Coating helps keep them bright and shiny.

*Realtree AP Camo model features black alloy wheels with polished outer surfaces.

ALL-WEATHER CO

**So comfortable, so fun to drive,
you'll find excuses to take it for a spin.**

Premium Grand Cab

Whether it's hot and humid, cold and windy, or raining cats and dogs, you'll stay dry and comfortable inside the RTV-X1100C's quiet and luxurious air-conditioned and heated cab. Built around a unibody frame that is virtually airtight, soundproof, and rattle-free, the cab incorporates highly efficient air-conditioning, heating, and defogging functions, as well as antennas and speakers for an optional radio. And when the weather is nice? Just roll down the fully opening windows. This truly is the best all-weather, all-comfort, all-the-time working environment you'll ever experience on the trail.

COMFORT CAB

RTV-X1100C

Air Conditioner and Heater

Hot or cold, rain or shine, the temperature inside can always be just right for you. The air conditioner, defroster, and heater system are powerful, efficient, and standard equipment on the RTV-X1100C.

Unibody Cab and Chassis Frame

You'll enjoy a smoother, quieter, more comfortable ride, thanks to the RTV-X1100C's integrated unibody cab and chassis frame. They form a rigid yet lightweight unit that is rugged, airtight, low-noise, and rattle-free. Even more impressive, the cab meets SAE J2194 and OSHA 1928 ROPS standards.

Mahindra
Utility Vehicles

Mahindra mPACT[®] XTV Utility Vehicles are designed to Haul More, Tow More and Go More.

Built from the ground up in Batesville, AR, the Mahindra mPACT[®] XTV series sets the standard for handling hard work around the farm, property or anywhere else you need to take it. Mahindra offers world-class, off-road utility vehicles with unparalleled strength, power and performance to help you work smarter and play harder.

The XTV lineup leads the utility vehicle category for cargo box capacity, towing capacity and ground clearance. These unique vehicles have spacious, comfortable seating and are loaded with standard features including electric power cargo box lift, 2" front and rear receiver hitches, black aluminum wheels and front bumper. Best of all, these vehicles include an industry-leading 3-Year Powertrain warranty. A full line of accessories is available for customizing these vehicles to fit your style and needs.

Mahindra
Utility Vehicles

HAUL MORE, TOW MORE, GO MORE.

Haul More.

- Haul up to 1,200 lbs.

Mahindra mPACT® XTV Accessories

Mahindra offers over 40 accessories to customize your XTV to meet your specific needs.

11

Mahindra XTV Accessories

Thermoplastic Roof

- Press-and-lock clamp system allows for each installation and removal

793100000 (S&L Models)
793105210 (C Models)

Aluminum Roof

- Made from solid 120 aluminum to enhance durability

793103110 (S&L Models)
793102610 (C Models)

Universal Rack

- Steel rack for aluminum roof provides additional storage

793104100

Rear Panel

- Large Lexan opening allows for clean and unobstructed visibility

793101600

Side View Mirrors

- Mirrors fold back to fit in tight situations, adjustable vertically and horizontally

693356010

Rear View Mirrors

- Universal bolt-on rear view mirror for rear visibility

693355000

Front Windshield

- 1/4" thick Lexan material utilizes a press-and-lock clamp system for easy installation and removal

793100210

Fold-Down Windshield

- 1/4" thick Lexan material folds down for easy conversion to an open operator's station

793104000

D.O.T. Windshield

- High-quality glass windshield with manual wiper and black power coat finish

793103000

Mahindra XTV Accessories

Tilt Windshield

- Tempered safety glass windshield tilts for ventilation

793601160

Rear Tubular Bumper

- Powder-coated, solid steel bumper offers extended durability

793100300

Rear Rack

- Allows for extra cargo capacity in addition to the cargo box

793101600

Nerf Bar Assembly

- Provides additional protection for sides of the vehicles

793100800

CV Joint Protector Assembly

- Provides enhanced protection for front drive shaft boots

793101100

Basic Cab

- Includes tilt windshield with double UV-protected polycarbonate doors, aluminum roof, side view mirrors and rear panel

793601110 (S&L Models)
793601310 (C Models)

Full Door Set

- Solid full-view polycarbonate door, hand-coated and double UV-protected

793601130

Soft Doors

- Clear vinyl doors with built-in paddle latch and key are mounted on heavy-duty hinges for easy removal.

793601400 (S&L Models)
793601500 (C Models)

Mahindra XTV Accessories

Wiper/Washer

- Electronic wiper to keep windshield clean and clear

793601140

Heater for Cab

- High-output heat to keep operator's station warm

793601150 (Diesel Models)

Tool Box

- Steel tool box sits in bed for additional storage

793104710

Underseat Storage

- Provides additional storage underneath the seat

793105100

Bed Mat

- Heavy-duty rubber mat provides additional protection for the bed

793104800 (S&C Models)
793104900 (L Models)

Warn Pro Vantage 3,500 lb. Winch

- 3,500 lb. single-line pull with corded remote and mini-rocker switch with integrated socket

693600600

Warn Pro Vantage 4,000 lb. Winch

- 4,000 lb. single-line pull which includes dash-mounted mini-rocker switch and corded remote control

693600400

Warn Pro Vantage 4,500 lb. Winch

- 4,500 lb. single-line pull which includes illuminated dash-mounted control switch and corded remote

693600500

STANDARD EQUIPMENT

Front Bumper
Remote Power Cargo Box Lift*
5" Front and Rear Receiver Hitch
Black Aluminum Wheels

Flexhider cargo box features fold-down sides that easily convert to a flat bed.

* Not included on L model. L model cargo box is fixed and does not dump, but has fold-down sides.

Specifications and design subject to change without notice.

MDDGS31029657 Utility/ All-Terrain Vehicles Bid

Vendor Proposal for Security Equipment

To whom it may concern,

Security Equipment is bidding both Kubota and Mahindra Utility Vehicles with accessories for the above mentioned bid. These units are currently on the Grounds Equipment Contract MDDGS17-007603 and we will be offering the same discount schedule for this bid. Our attached discount schedule is offered as a percentage off manufactures list price. I have included literature with spec sheets for all units as well. Current list price pages are attached as well.

The end user/ purchaser have the option to choose a base vehicle and add the necessary attachments as desired. Understanding the bid requests windshields, cabs, heaters, etc as base attachments, not all users will need or want the same configurations, so we are offering the entire price book and attachment listing in our discount structure. For one of our manufactures, you can equip most vehicles with 5 different windshields, 3 different cabs and multiple other accessories, so not everyone is going to want or choose the same configuration. Along with these choices come varying costs, so the choice is up to the end user on how they wish to equip their specific vehicle to fit their needs or budget.

Please contact us with any questions or concerns.

Thank You,

Jeff Tribull

Security Equipment Company

ORDER CODE	DESCRIPTION	FACTORY NUMBER	APPROX. SHIP WT.	SUGGESTED LIST PRICE
NEW-- "BUILD YOUR OWN CAB" SYSTEM (Complete cab enclosures no longer carried)				
STEP 1:	SELECT A CANOPY			
VC5000	Canopy - Metal FOPS (Black)		75	\$408.00
VC5001	Canopy - Metal FOPS (Orange)		75	\$408.00
VC5011	Canopy - Plastic (Black)		40	\$311.00
STEP 2:	SELECT A WINDSHIELD (VC Canopy required)			
VC5020	Windshields - Laminated Glass (AS1)		78	\$1,210.00
VC5023	Windshield - Polycarbonate with Hard Coat (accepts wiper)		72	\$1,101.00
VC5025	Windshield - Tempered Glass (AS2) (Not available for RTV X1120D)		66	\$743.00
If you only need a canopy and windshield (i.e., not a full enclosure) the following acrylic windshields are available (not compatible with wiper or doors)				
V5027	Clear Acrylic Windshield - Compatible with all "VC" canopies, not compatible with any doors, wipers, and 77700-VC5080 (VC5080)		21	\$399.00
V5028	Tinted Acrylic Windshield - (Compatible with all "VC" canopies, not compatible with any doors, wipers and 77700-VC5080 (VC6080))		21	\$419.00
STEP 3:	SELECT DOOR TYPE			
VC5090	Doors - Metal with Sliding window (Black)		151	\$1,667.00
VC5091	Doors - Metal with Sliding window (Orange)		151	\$1,667.00
VC5095	Doors - Vinyl with zip down clear vinyl windows (Black)		91	\$1,014.00
STEP 4:	SELECT REAR PANEL TO COMPLETE ENCLOSURE			
VC5040	Rear Panel		79	\$574.00
STEP 5:	REQUIRED: HEAVY DUTY FRONT SPRINGS OR SPRING/STRUT ASSEMBLY WHEN FULL CAB IS INSTALLED AND/OR ANY FRONT IMPLEMENT			
V5218	Front Heavy Duty Spring Kit		10	\$99.00
V5219	Front Heavy Load Spring and Damper Assy Kit		19	\$249.00
STEP 6:	SELECT CAB ACCESSORIES TO CUSTOMIZE CAB (HEATER, LIGHTS, ETC.)			
77700-VC5030 (VC5030)	✦ Windshield Wiper Kit (Requires 77700-VC5080 (VC5080) or 77700-VC5081 (VC5081) Wire Harness Kit) Fits "VC" Windshields. (NOT compatible with Acrylic Windshields)		7	\$208.00
77700-VC5083 (VC5083)	✦ Heater Kit (Requires 77700-VC5080 (VC5080) or 77700-VC5081 (VC5081) Wire Harness Kit)		26	\$597.00
77700-VC5050 (VC5050)	✦ Front LED Work Light Kit (2) (Requires 77700-VC5080 (VC5080) or 77700-VC5081 (VC5081) Wire Harness Kit). (Fits all "VC" canopies)		4	\$199.00
77700-VC5051 (VC5051)	✦ Rear LED Work Light Kit (1) (Requires 77700-VC5080 (VC5080) or 77700-VC5081 (VC5081) Wire Harness Kit). (Fits VC5040 Rear Canopy)		2	\$141.00
77700-VC5053 (VC5053)	✦ Dome Light for VC5000 VC5001, and VC5011 Top (Does not require Wire Harness Kit)		2	\$82.00
77700-VC5056 (VC5056)	✦ Strobe Light LED (Requires 77700-VC5080 (VC5080) or 77700-VC5081 (VC5081) Wire Harness Kit) (Fits all "VC" canopies)		3	\$160.00
77700-VC5076 (VC5076)	✦ Deluxe External Mirrors (2) (Fits on Windshields VC5020 VC5025, VC5023, V5027, V5028, V5298, V5259 or ROPS only)		2	\$115.00
77700-VC5080 (VC5080)	✦ Switch Panel/Wire Harness Kit for Multiple Accessories (up to 5) (not compatible with V5027 and V5028 windshields)		3	\$126.00

✦ Order from Parts Department.

STEP 6: (Cont.)				
77700-VC5076 (VC5076)	+ Deluxe External Mirrors (2) (Fits on Windshields VC5020 VC5025, VC5023, V5027, V5028, V5298, V5259 or ROPS only)		2	\$115.00
77700-VC5080 (VC5080)	+ Switch Panel/Wire Harness Kit for Multiple Accessories (up to 5) (not compatible with V5027 and V5028 windshields)		3	\$126.00
77700-VC5081 (VC5081)	+ Wire Harness Kit - for Single Accessory use. (If Multiple Accessories are required order 77700-VC5080 (VC5080))		2	\$54.00
77700-VC5057 (VC5057)	+ 4-Way Strobe-type Flashers, Fits on VC Windshields and VC5040 Rear Panel. Requires 77700-VC5080 (VC5080) or 77700-VC5081 (VC5081) Wire Harness Kit		2	\$562.00
K7591-99610 (V5237)	+ Turn Signal / Hazard Light Kit (ROPS or Cab)		4	\$277.00
NON-CAB USE WINDSHIELDS-- COMPATIBLE WITH VC CANOPIES				
V5027	Clear Acrylic Windshield - Compatible with all "VC" canopies, not compatible with any doors, wipers, 77700-VC5080 (VC5080) or V5221 Canopy		21	\$399.00
V5028	Tinted Acrylic Windshield - Compatible with all "VC" canopies, not compatible with any doors, wipers, 77700-VC5080 (VC5080) or V5221 Canopy		21	\$419.00
LIMITED-APPLICATION CANOPIES, WINDSHIELDS AND LIGHTS (NOT COMPATIBLE WITH VC CABS/CANOPIES)				
V5258	Uncoated Polycarb Windshield - Clear NOT compatible with any "VC" components, except 77700-VC5081 (VC5081), 77700-VC5076 (VC5076). Only compatible with V5221 Canopy.		23	\$449.00
V5259	Uncoated Polycarb Windshield - Tinted NOT compatible with any VC components, except 77700-VC5081 (VC5081), 77700-VC5076 (VC5076). Only compatible with V52		23	\$489.00
V5221	Plastic Canopy (Black) NOT compatible with any VC components. Only compatible with V5258 or V5259 Windshields.		38	\$288.00
K7591-99620 (V5222)	+ Halogen Front Work Lights (2) for ROPS with or without V5221 Canopy. Not compatible with VC Canopies.		8	\$142.00
K7591-99630 (V5223)	+ Halogen Rear Work Lights (1) fits ROPS with or without V5221 Canopy. Not compatible with VC Canopies.		3	\$75.00
MIRRORS-- ROPS				
77700-V4358 (V4358)	+ RTV Mirror Kit - ROPS		2	\$31.00
77700-V4266 (V4266)	+ Interior Rearview Mirror Fits all windshields and ROPS only configurations		2	\$56.00
COMFORT, CONVENIENCE, AND STORAGE				
K7501-99550 (V4231XT)	+ Headrest (Gray)		2	\$61.00
K7591-99530 (V5230)	+ Headrest Bracket Kit (for RTV-X900/RTV-X1120)		5	\$129.00
K7591-99570 (V5234)	+ Glove Box Cover Kit (to upgrade RTV-X900G Models)		2	\$39.00
WINCH, TOWING, AND EXTERIOR PROTECTION				
77700-V5244 (V5244)	Winch 4000 lbs. Capacity		31	\$599.00
V5200	Trailer Hitch Ball Mount Kit (for front or rear 2" receiver)		6	\$36.00
K7591-99640 (V5236)	+ Backup Alarm Kit		3	\$137.00

Notes:																

- Ⓢ Vehicle must be stationary to use this Hydraulic circuit, otherwise loss of steering will result.
 - Ⓢ This circuit cannot be used to power Hydraulic Motors.
 - Ⓢ These are 9/16-18 Male JIC Fittings (capped) located in the middle section of the RTV above the front belly pan.
 - Ⓢ RTV-X900G models require V5242 Hydraulic Bed Lift Circuit.
 - Ⓢ For applications requiring V5273 Single Hydraulic Valve Kit, the customer can order V5274 instead, if two remote valves are preferred.
- X = Required, O = Optional**

1 Hydraulic Motor (continuous operation) and 1 Cyl		X				X	X	X	X	Push Button	4	Fitting⓪	Front	3.9	5	2132

Notes:

- ⓪ Vehicle must be stationary to use this Hydraulic circuit, otherwise loss of steering will result.
 - ⓪ This circuit cannot be used to power Hydraulic Motors.
 - ⓪ These are 9/16-18 Male JIC Fittings (capped) located in the middle section of the RTV above the front belly pan.
 - ⓪ RTV-X900G models require V5242 Hydraulic Bed Lift Circuit.
 - ⓪ For applications requiring V5273 Single Hydraulic Valve Kit, the customer can order V5274 instead, if two remote valves are preferred.
- X = Required, O = Optional

1 Hydraulic Motor (continuous operation) and 1 Cyl		X				X	X	X		Push Button	4	Fitting ^③	Front	3.9	5	2132

Notes:

- ① Vehicle must be stationary to use this Hydraulic circuit, otherwise loss of steering will result.
 - ② This circuit cannot be used to power Hydraulic Motors.
 - ③ These are 9/16-18 Male JIC Fittings (capped) located in the middle section of the RTV above the front belly pan.
 - ④ RTV-X900G models require V5242 Hydraulic Bed Lift Circuit.
 - ⑤ For applications requiring V5273 Single Hydraulic Valve Kit, the customer can order V5274 instead, if two remote valves are preferred.
- X = Required, O = Optional

Kubota®

KUBOTA UTILITY VEHICLE

RTV GAS-POWERED
RTV400 ■ RTV500

RTV400

- **Responsive 16HP Gasoline Engine**
- **Continuously Variable Transmission with Inertial Clutch (CVT Plus)**
- **Standard 4-Wheel Drive**

RTV500

- Smooth, quiet 15.8HP Gasoline Engine
- Exclusive Variable Hydro Transmission
...*(VHT Plus)*...
- Standard 4-Wheel Drive

Introducing the new gas-powered 4WD RTV400Ci featuring mid-size utility, agility, and legendary Kubota reliability

Featuring a robust, heavy-duty platform, electronic fuel injection (EFI) and an advanced Continuously Variable Transmission with inertial clutch (CVT Plus) for excellent response and reliability, the new 4WD RTV400Ci will be at your ready, whether you're canvassing your property or jobsite, caring for livestock, or hunting in the woods.

Electronic Fuel Injection (EFI)
No choke operation,
better cold starting

16HP Air-cooled EFI Gasoline Engine

The RTV400Ci incorporates a new, high-revving 16HP air-cooled, single-cylinder gasoline engine that was developed to meet Kubota's stringent performance specifications and durability requirements. This engine also features an Electronic Fuel Injection (EFI) system that helps eliminate cold starting issues and annoying manual choke adjustments that plague competitors' carbureted utility vehicles.

Standard Rollover Protective Structure (ROPS)

CVT Plus

(Continuously Variable Transmission with Inertial Clutch)

The RTV400Ci's newly designed CVT Plus is virtually worry free. The exclusive inertial clutch keeps the thick, double cogged-belts tight for minimal slippage, resulting in greater response and much better durability than the competitors' belt-drive systems. As an additional plus, the inertial clutch provides noticeable dynamic braking to help maintain control during descents with engine-assisted deceleration. And for more plus, CVT Plus has a full protection cover to minimize mud or dust intrusion, enhancing durability and enabling a longer belt life.

Full Protection Cover
Minimizes mud/dust
intrusion to ensure
longer belt life

CVT Belt

Inertial Clutch
Greater response
& engine-assisted
deceleration

Robust, reliable semi-independent rear suspension

4-wheel disc brakes

Comfortable Operator Area

Get in and get going. The RTV400Ci features ergonomic, well-placed controls for easy operation, and a comfortable contoured bench seat, so both the driver and passenger can enjoy a full day of work or play. The low operator platform offers ample and obstacle-free leg room, so it's simple to step on or off.

Designed for Convenient Transportation

Kubota specifically designed the RTV400Ci's compact frame to make it easy to load into the bed of a full-size long bed pickup truck*. It's ideal for camping, hunting, or any rugged outdoor adventure.

* Always secure RTV with proper tie-downs, especially with open tailgate.

KUBOTA UTILITY VEHICLE
RTV400 

The RTV500—advanced technology from Kubota delivers exceptional performance and reliability in a compact size.

Whether you're tending a park, hunting in the woods, or simply roaming your property, let Kubota's RTV500 take you wherever you need to go. This quiet utility vehicle features Kubota's durable liquid-cooled EFI gasoline engine, variable hydrostatic transmission, and more—all packed into a compact body. Used for a variety of applications, it's powerful and rugged enough to handle uneven terrain, yet it can fit into the bed of a full-size pickup truck, so you can take it with you. With all of this and more, you can rest assured that the high-performance RTV500 is always at the ready, no matter where you want to go.

Kubota Liquid-cooled EFI Gasoline Engine

The RTV500's smooth 15.8-horsepower, 2-cylinder Kubota gasoline engine is liquid-cooled to ensure reliability and minimize noise and vibration, reducing operator fatigue and increasing efficiency. The engine features an Electronic Fuel Injection (EFI) system that provides on-demand power, optimizes acceleration and enhances quiet operability. Plus, the EFI eliminates the need to adjust the carburetor—enabling better engine start-up in cold weather or after long-term storage, and improving engine serviceability.

VHT Plus (Variable Hydro Transmission)

Kubota's exclusive and innovative hydrostatic transmission provides the RTV500 with an exceptional level of performance, handling, and reliability under tough conditions. Approach long downhill grades with confidence utilizing the VHT Plus' smooth, engine-assisted deceleration. In addition, the VHT offers outstanding traction and impressive power, providing the muscle to take you almost anywhere.

**Standard Rollover
Protective Structure
(ROPS)**

Shown with optional front guard.

Robust, reliable semi-independent rear suspension

Comfortable Operator Area

Get in and get going. The RTV500 features ergonomic, well-placed controls for easy operation, and a comfortable contoured bench seat, so both the driver and passenger can enjoy a full day of work or play. The low operator platform offers ample and obstacle-free leg room, so it's simple to step on or off.

Designed for Convenient Transportation

Kubota specifically designed the RTV500's compact frame to make it easy to load into the bed of a full-size long bed pickup truck*. It's ideal for camping, hunting, or any rugged outdoor adventure.

* Always secure RTV with proper tie-downs, especially with open tailgate.

RTV500

Specifications

Model Name		RTV400Ci		RTV500	
Engine	Type	1-cylinder, Gas, OHC, Air-cooled, EFI		2-cylinder, Gas, OHC, Water-cooled, EFI	
	Displacement	cu. in. (cc) 24.6 (404)		27.8 (456)	
	Horsepower	HP (kW) / rpm 16.0 (11.9) / 4800		15.8 (11.8) / 3600	
Fuel tank capacity		U.S. gals (l)		5.2 (20)	
Transmission		CVT PLUS Continuously Variable Transmission (CVT) with Inertial Clutch		VHT PLUS Variable Hydro Transmission	
Max. traveling speed		mph (km/h)		25 (40)	
Wheels, drive system		4, 4WD w/2WD selection			
Differential lock		Standard; hand operated with mechanical holder			
Gear selection		Hi-Lo range forward, neutral, reverse			
Brakes	Front / Rear	Dry-disc brakes			
	Parking brake	Rear wheel, hand lever			
Steering		Rack & Pinion			
Suspension	Front / Rear	Independent, Mac-Pherson strut-type / Semi-independent, multi-link			
Dimensions	Length	in. (mm)	105.9 (2690)		
	Width	in. (mm)	54.7 (1390)		
	Height, overall	in. (mm)	72 (1829)		
	Front tread centers	in. (mm)	40 (1016)		
	Rear tread centers	in. (mm)	41 (1041)		
	Wheelbase	in. (mm)	70.9 (1800)		
	Ground clearance front/rear axle	in. (mm)	8.1 (205) / 6.9 (172)		
Turning diameter		ft. (m)	22.9 (7)		
Max. rolling weight (towing capacity)		lbs. (kg)	1102 (500)		
Payload capacity		lbs. (kg)	1058 (480)		
Weight		lbs. (kg)	1246 (565) with ATV tires, 1257 (570) with HDWS Tires		
Cargo bed	Width × Length × Depth	in. (mm)	40.6 (1032) × 33.7 (856) × 11.4 (290)		
	Volume	cu. ft. (m³)	9.0 (0.25)		
	Bed height (unloaded)	in. (mm)	31.9 (810)		
	Cargo bed load	lbs. (kg)	441 (200)		
Tires	Front		24 × 9-12 ATV, 6PLY		
			24 × 9-12 HDWS, 6PLY		
	Rear		24 × 11-12 ATV, 6PLY		
			24 × 11-12 HDWS, 6PLY		
Body color		Orange, Camouflage (Realtree® Hardwoods³)			
Speedometer		Opt.			
Front guard		Opt.			
Headrest		Opt.
